Letter from the President

*It's Sweater Weather!*

This summer has been an exceptionally hot one. Although the cooler fall weather will offer some relief, it also reminds us that the colder weather is not far ahead. This is a good time to make sure your apparatus is in top condition. Why not take advantage of our Mobile Unit Service Division and schedule an in-house preventative maintenance appointment? This edition of *Grease Grits* will also focus on the services our mobile techs can offer, as well as some insight into their work.

Events were in full-swing again, too! FRI-IAFC's Conference and Expo was held at the end of August in San Antonio, TX, where Pierce displayed numerous fire trucks. Our EMS Sales division was busy with their own events. Pennsylvania's Annual EMS Conference PEHSC was held September 6-9 as a virtual event, where Glick EMS was a featured partner. Some other **GLICK EMS** sponsorships included the PA EMS Provider Foundation's 2022 PA EMS Memorial Bike Ride held in September, the AAP Annual Reimbursement Conference held in May, and EMS Update West held this past spring. In October, we will be taking ambulances to our booth at the Code EMS Conference at the Kalahari Resort. Check out other events at [GlickFire.com/news](http://GlickFire.com/news).

A fairly new addition to our website features new sales for both the fire and EMS divisions. You can see the latest at [GlickFire.com/on-order](http://GlickFire.com/on-order). And of course, for information and pictures of the new apparatus coming to Pennsylvania visit [GlickFire.com/deliveries](http://GlickFire.com/deliveries).

If you are looking to support your local fire department or EMS station, take a look at the back page for some of the events sponsored by **GLICK**, or visit our [GlickFire.com/news](http://GlickFire.com/news) for more information.

As we continue to grow, we have several open positions within **GLICK Fire Equipment**. For a list of the latest positions that we are looking to

fill, visit the Careers section of our website at [GlickFire.com/careers](http://GlickFire.com/careers).

Thank you for your business, and the continued confidence you place in **GLICK Fire Equipment!**

If there is anything we can do to improve our service to you, I encourage you to reach out to us.

Doug Glick  
President

# GLICK Graphics

After many years of research and planning, **GLICK Fire Equipment** is excited to announce the addition of our Graphics Division. This newly created division is an option your company may now choose when working with our sales department regarding your fleet's design.

This new division will also be assisting both the Bird-In-Hand and Zelenople body shops with graphics, striping, and installation that may be needed on repaired apparatus.

We know how much your apparatus means to your departments, and keeping them looking good for the community is a priority. Our Graphics Division offers the same 3M premium products that Pierce uses, providing you with results you can be proud of, that will stand up to the daily wear and tear of the job.

If you have any questions about what this new division can do for your department, please contact them at [graphics@glickfire.com](mailto:graphics@glickfire.com).

We look forward to this new endeavor, and hope it will add to the exemplary service you have come to know **GLICK** can provide your department.

*Welcome to our New Employees!*

**COLLIN ALTERIO**

Parts and Shipping Clerk • Mill Hall

Collin has been a volunteer at Howard Fire Company for 16 years and has been the Fire Chief for the past 12 years. He enjoys camping, boating on the lake, and is in the process of getting his airplane pilot's license. [collin.alterio@glickfire.com](mailto:collin.alterio@glickfire.com).
