

CRESTLINE[®]

CCL 166 - Type III

▲ FULL PRODUCT DETAILS ▲

Leasing options available.

Why Choose Crestline

Fleet Solution

Focused on the needs of operation with predictability & serviceability.

Safety

Rigorous certification & testing procedures to meet industry safety standards.

Durability

Built to last, lowering cost of lifecycle ownership.

Value

Prioritizing practical standard features.

Quality

Worry-free maintenance with readily available parts.

Practicality

Prioritizing usability & core features, keeping the cost affordable.

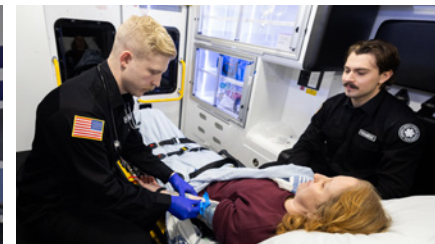

Predictability

Ensuring consistent performance you can count on, with straightforward maintenance.

Why Choose CCL 166

- Factory-backed Limited Lifetime Paint Warranty
- MMC Multiplex Electrical System as standard feature
- Designed for volume orders and quick delivery
- Built for remount with increased durability & reliability, lowering cost of ownership
- Standardization for numerous systems creating a familiar environment for EMS crews & ease of maintenance for Fleet Operators

Designed for quicker delivery with shorter lead times & volume orders.

Safety and **durability** at an affordable price.

CCL166.com

Safety,
Durability,
Value.

Improved Bulkhead Talk-Through:
Double sealing for rattle-free performance

Upgraded AC Performance:
20% cooling improvement with recirculation technology and 8-speed control

Wider Squad Bench:
Improved comfort with 6" increased width

Aluminum Extruded Body Construction

- 166" long x 96" wide body
- 72" interior headroom, 68" option available
- Limited Lifetime Structural Warranty
- Fully certified KKK-A-1822F & GVS V4.0 compliant & remountable
- All aluminum extruded body, including cabinetry
- Built for EMS efficiency & patient care
- Promotes safety, aerodynamics & efficient remount process
- Floor construction designed for all cot systems

Aluminum Cabinets

- Highly durable and long-lasting
- SAE Compliant Hardware
- Lighter than wood, reducing overall weight
- Powder-coated for durable surfaces and easy cleaning
- Rolled cabinet edges for increased safety

CrestCoat: Powder Coating Technology

- *Limited Lifetime Paint Warranty
- Durable powder coating finish stands up over vehicle lifetime
- Increases module life for remounting
- Contributes towards lower cost
- Environmentally friendly application

MMC Multiplex Electrical System

- Proven to reduce downtime & lower repair costs
- Supports remote diagnostics & preventative maintenance
- Maintenance requires no specialized electrical certification

Flush Mount Windows

- Sleek, automotive-style window design
- Better visibility
- Corrosion resistant
- Prevents leaks
- Lower repair costs

Remount Advantage

- Extends the life of the module
- Cost-effective, sustainable, smart solution
- Quicker lead time, minimal downtime
- Built for remount with end-of-process module mounting
- Crestline Limited Lifetime Structural Warranty applies

Dual Entry Step

- Safer entry & exit
- Exclusive ergonomic feature designed for ambulatory patients
- Eliminates repair with no moving parts

Rear Bumper Design

- Underbody design eliminates damage to module when bumper is impacted, reducing downtime for repair
- Kick-plate protects body from impact damage & road debris, provides protection and reduces corrosion

4" Radius Corners

- Improved aerodynamics & handling with increased fuel efficiency

Zico Lift System or O₂ To Go (Available Options)

- Promotes safe lifting through no-lift design
- Reliable & uncomplicated O₂ management systems
