

MXP 170

Type I Ambulance

PERFORMANCE UNDER PRESSURE

When scale, power, and flexibility are required, the MXP 170 stands ready. Built for high-volume EMS operations and long shifts, this feature-rich Type I ambulance combines a smart, ergonomic layout with intuitive access and durable construction.

With a reinforced aluminum frame and best-in-class payload capacity, the MXP 170 provides the space, strength, and reliability crews depend on — delivering consistent performance when your operations face the greatest pressure.

FUTURE FOCUSED. TRUSTED ON EVERY CALL.

KEY FEATURES:

› Feature-Rich By Design

Offers more standard features than same-size Type I ambulances — engineered to perform where it matters most.

› Exclusive HVAC Airflow System

Featuring separate hot and cold air ducting for improved patient comfort.

› Configured for Your Operations

Choose from multiple interior floor plans, purpose-built for your service demands.

› Expanded ALS Cabinet

Spacious front-wall compartment engineered for fast, organized access to critical equipment.

› Best-In-Class Payload Capacity

Up to 6,750 lbs. — more capacity for equipment, upgrades, and crew essentials.

› High-Visibility Flush Mount Windows

Sleek, leak-resistant design that maximizes visibility and reduces maintenance costs.

› Full LED Warning Light Packages

Enhanced on-scene visibility for safer operations.

› Arctic Range Option Available

Premium insulation package and climate control system designed for rapid interior comfort.

ECOSMART FEATURES:

› Economically and Ecologically Smart

Demers EcoSmart Technologies reduce operating costs, fuel consumption — maximizing your fleet investment.

› Lightweight All-Aluminum Design

Engineered for durability with less weight — reducing fuel consumption, chassis wear, and long-term operating costs.

› Anti-Idling System

Powered by the Demers Electronic Management System to cut engine idling, lower fuel costs, and reduce environmental impact.

› Optional Aerodynamic Roof Design

Signature roof design promotes fuel savings while integrating durable, long-life LED warning lights.
